at Manchester People First

Celebrate Learning Disability Week
Thursday 20 June
11am to 2:30pm

You must book your place MPF 3 Broughton St. M8 8RF mcrpeoplefirst@gmail.com 0161 839 3700

What we do

Manchester People First is run by and for learning disabled adults and is independent of all services. We give training and support to learning disabled adults and professionals and we campaign for disabled people's rights.

Manchester People First is a company limited by guarantee, registered in England and Wales, number 6339300.

We are a registered charity, number 1124426.

Richard Hughes Chairperson's Report

This year me and your Committee have been working hard getting things done.

We have been having lots of meetings with different organisations. For example, we sit on Andy Burnham's disability advisory board and Breakthrough's Sounding Board. We have taken part in research projects with Liverpool John Moore University who are working with us on a project about digital inclusion. This looks at how doing things online sometimes leaves out people with a Learning Disability.

We also held our yearly Health Workshops. Our members picked what topics they wanted to learn more about. These included sexual health, healthy eating, cancer awareness, exercise, hate crime and mental health and wellbeing. We were joined in the 6 weekly sessions by our friends from the Shaw Centre.

We have been answering lots of surveys and questionnaires about how services can be made better for Learning Disabled people.

We got people registered to vote in the local, mayoral and national elections, to make sure people could use their voice and have a choice about who represents them. SPICE visited us at our offices to talk about being more green, eco-friendly and caring for the environment.

In February, we ran a session on Hate Crime. This year we tried a different thing where we played the part of judges.

Members spoke about various different crimes, and had to decide if and why they were Hate Crimes. Then we put on judge's wigs and banged our gavels to pass sentence on the offenders. It was a fun way to learn about a serious subject.

After nearly 25 years Stephen Hughes retired from MPF. It was sad to see him go but we hope he enjoys his retirement. Steve will be back in to cover for staff holidays, so he's not totally gone gone.

We have taken on 3 new staff in this financial year.

Amber and Blaine have joined the Engagement Team and Hannah is working with Andy and Derek as a Support and Development Worker.

We needed to get new workers because a few members of staff left when we were in lock down. We now have a full team again, which is great for us as a Committee and for all our members.

Nathan Rawcliffe Vice Chairperson

Research

For the last 18 months, I have been working on a research project with Manchester Metropolitan University. It is called Medication and My Mental Health for People with Learning Disabilities. The project is very near its end and we are writing up the final easy read report.

In the project we have spoken and interviewed GPs and carers and Learning Disabled people who have been prescribed medication to treat their mental health.

We want to understand why people who have a Learning Disability are put on strong mental health medication a lot more often than members of the general public and why they stay on them for longer. When we finish the report, we will make a toolkit for people to use to reduce this problem. Keep an eye out for the report.

Learning Disability Action Team

The Learning Disability Action Team was formed in January 2024. The idea was to find out what people with a Learning Disability thought about services and then pass on this information to the big bosses from Manchester City Council, the NHS and Adult Social Care.

We started by holding 8 meetings over 2 weeks with people who had a Learning Disability. I was voted to be the Chair of the group.

The Chair's job is to be the link between our board and the big bosses. Each meeting looks at a different topic. So far, we have looked at transport including Ring and Ride, Dentists and now we are looking at Housing.

Our Engagement Team (Blaine, Amber and Stephen, supported by Lisa, the Engagement Worker) go out and find out what Learning Disabled individuals and groups think about the topic.

The Team write a report based on what they have been told. Then the Engagement Team present this report at the next Learning Disabled Action Team meeting.

We are always looking for new Learning Disabled adults from Manchester to be on our team and tell us how to make services better.

Patricia Phillips Treasurer's Report

The Treasurer's job is to help staff look after MPF's money. You can see our accounts on the next page.

At our last Annual General Meeting Richard Hughes, Nathan Rawcliffe, Rakki Tailor, John Timms and myself, came onto the Committee. We meet every month. Andy and Hannah update us on what we have asked them to do and how things are going in general. We then vote on what we want MPF to do over the next few months and further in the future.

Over the last year we have held workshops on dental health, safety at home and creative storytelling and safeguarding. We had fun at our Annual Talent Show, enjoyed a trip to see the pantomime, and sessions on meditation and DJ-ing.

Members went to the Northwest Regional Self Advocates Conference in Blackpool.

On 25 April we had our final online Zoom session. We started doing them during the first Covid lockdown and carried on using it 3 to 6 times a week for 4 years.

We would really like some more MPF members to join the Committee and decide how MPF goes forward. Come and join us by putting yourself forward for the Committee at our Annual General Meeting.

This is the simple version of our accounts, please ask if you would like to see the full version, or to know more.

MONEY IN (Income)

	2023	2024
